Bulawa Joins Chickasaw as Principal

MEMPHIS, October 26, 2018 — Chickasaw Capital Management, LLC is pleased to announce the addition of Bryan F. Bulawa to its team as a Principal.

Bryan was most recently the Chief Financial Officer at Enterprise Products Partners, LP, having joined them in 2007 in the role of Treasurer. He was selected as the top-ranked CFO in the Natural Gas Pipeline and Master Limited Partnership sector by both buy-side and sell-side firms in Institutional Investor's 2018 survey. Bryan successfully executed over \$40 billion of equity and debt financing while maintaining an industry leading low-cost of capital, top-of-sector equity analyst ratings and credit ratings. Bryan was an active deal team member in the \$6 billion Oiltanking M&A transaction, resulting in an interim role as Chairman of the Board for Oiltanking GP from October 2014 to February 2015. He served as an active deal team member in all partnership simplification transactions resulting in four publicly traded securities (NYSE listed: EPD/EPE/TPP/DEP) combining into one security and the elimination of Incentive Distribution Rights in 2010.

Prior to Enterprise, Bryan enjoyed a career in corporate and investment banking for over a decade at Scotiabank.

Bryan will be actively involved in Chickasaw's current MLP strategies as well as future Chickasaw Capital Management endeavors.

Positioned among the very top MLP investment firms, Chickasaw Capital Management's portfolio managers average 23 years of MLP experience — *which they believe is the most in the U.S.* The firm currently has \$5 billion in assets under management.

About Master Limited Partnerships (MLPs)

An MLP is a publicly traded entity that is listed on the major U.S. stock exchanges and conforms to the same accounting, reporting and regulations as any publicly traded corporation. MLPs are significant owners of America's energy infrastructure, controlling substantial assets involved in the transportation, processing and storage of the nation's energy resources. These assets include major pipeline systems that deliver products such as natural gas, crude oil and refined fuels to end markets.
