

PRESS RELEASE

Chickasaw Principal To Receive Top MLP Honor

David N. Fleischer Inducted Into Alerian's Ammys Hall of Fame

February 22, 2019: Alerian has announced that David Fleischer – Principal, Chickasaw Capital Management, LLC – will be inducted into the Ammy's Hall of Fame as a member of its Class of 2019. The Ammys awards are given annually by Alerian to recognize excellence in the North American energy infrastructure industry. On March 28, 2019 at Houston's Crystal Ballroom, the 4th Ammys ceremony will salute the best companies, individuals and transactions of 2018, while honoring David Fleischer and his fellow inductees for outstanding contributions to the sector during their careers.

"David has been an innovative force in midstream energy capital formation on both the buy-side and sell-side during his four decades on Wall Street," said Kenny Feng, President and CEO of Alerian. "He doesn't allow perfect to be the enemy of good, but he also doesn't settle for good when something can be great, and the people and companies around him are better for it."

"It is humbling to be joining the illustrious previous members of the Hall of Fame and this year's highly accomplished group, all of whom have been instrumental in building and enhancing the energy infrastructure industry," said Fleischer.

The Ammys Nomination Committee selects five finalists in each of two categories – Industry and Professional – from stakeholder submissions. Each current Hall of Fame member votes for two individuals in each category and the top two finalists in each category are elected. Participation was at an all-time high at 91% of eligible voters. More information on the Ammys can be found at www.ammyawards.com.

About Alerian

Alerian equips investors to make informed decisions about energy infrastructure and Master Limited Partnerships (MLPs). Its benchmarks are widely used by industry executives, investment professionals, research analysts, and national media to analyze relative performance. As of January 31, 2019, over \$13 billion is directly tied to the Alerian Index Series through exchange traded funds and notes, separately managed accounts, and structured products. Visit www.alerian.com to learn more.

About Master Limited Partnerships (MLPs)

An MLP is a publicly traded entity that is listed on the major U.S. stock exchanges and conforms to the same accounting, reporting and regulations as any publicly traded corporation. MLPs are significant owners of America's energy infrastructure, controlling substantial assets involved in the transportation, processing and storage of the nation's energy resources. These assets include major pipeline systems that deliver products such as natural gas, crude oil and refined fuels to end markets.

Past performance is no guarantee of future results.
